SoRite Puts Safety First

The EPA classifies SoRite as a Level 4 for skin irritation, ingestion and inhalation—which is the same rating as water. In fact, SoRite measured as a Level 4 across all measures except eye irritation. For eye irritation, SoRite is rated as a Level 3 as it could be a mild eye irritant.

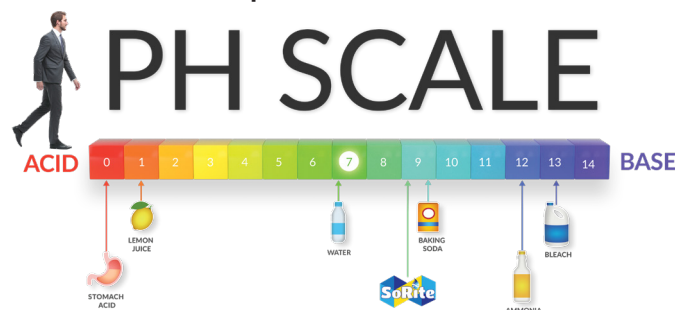

SoRite is:

- Non-Corrosive
- Non-Flammable
- Non-Caustic
- Non-Reactive
- No Chlorine
- No Fragrance
- No Residue Left Behind

Does Not Contain:

Parabens, Phosphates, Harsh Abrasives, Sulfates, Phthalates, Mineral Oil, Synthetic Dyes, Artificial Fragrance (Fumes), SLS, MEA, DEA, TEA, VOC's, Chlorine Bleach, and Synthetic Fragrances.

SoRite is balanced at a pH of 9.2.

Fast and Powerful, Yet Safe to Use

- No Protective Wear Required: It's safe to use without heavy-duty PPE like safety gloves, protective masks or special garments.
- No Worries: SoRite can be safely used around kids, pets and elderly people with total confidence.
