## Game-changing technology...

Aseptic Health has developed SoRite® as an environmentally safe and affordable system for killing germs, mold, allergens and heavy odors.

*It took a janitor to know a janitor.*

Our founder spent years in the cleaning industry, observing bad cleaning practices, and using chemicals harmful to her health.

*SoRite is the new innovation of clean.*

Today you can use a safe and effective product to quickly and easily tackle your toughest problems on Carpet and Upholstery, Floors, Counters, Stainless Steel, Bathrooms, Hospital Rooms, Surgery Centers, Correctional Facilities, Well Buildings, Autos, Boats & RVs, Laundry— anywhere you want a germ-free, allergen-free, odor-free surface.
